## **US BioEnergy Begins Site Work for Ethanol Plant near Albert City, Iowa**

US BioEnergy Corporation (US Bio) announces that it has purchased 78 acres of land near Albert City, Iowa, and has begun work on the site to construct a 100 million gallon per year ethanol plant.

According to US Bio, Buena Vista County has granted the requested zoning, bonding and tax abatements, and the project is moving forward.

US Bio has an agreement with Fagen, Inc. of Granite Falls, Minnesota to design and build the facility. The project financing is being handled by Capitaline Advisors, LLC (Capitaline), of Brookings, South Dakota.

### **About US BioEnergy Corporation**

US Bio is a Brookings, South Dakota based company that is working with local coops, farmer groups, and private investors to build and operate biofuel production facilities in the United States. ([www.usbioenergy.net](http://www.usbioenergy.net))

### **About Fagen, Inc.**

Fagen, Inc. is the industry leader in the design-build of ethanol plants. ([www.fageninc.com](http://www.fageninc.com))

### **About Capitaline Advisors, LLC**

Capitaline is a private equity firm that specializes in renewable energy investing. ([www.capitaline.net](http://www.capitaline.net))
