

National Tracking Poll

Project: 160401

N Size: 2004 Registered Voters

Margin of Error: $\pm 2\%$

April 01-03, 2016

Topline Report

Question	Response	Frequency	Percentage
RFA1	<i>As you may know, there is currently a renewable fuel standard (RFS) that requires a certain amount of the fuel produced each year to come from ethanol, biodiesel and other renewable sources that aren't fossil fuels. Do you support or oppose this requirement?</i>		
	Total Support	1141	57%
	Total Oppose	383	19%
	Don't Know / No Opinion	480	24%
RFA2	<i>We are going to mention some different fuel sources, some renewable and some non-renewable. For each of the following, would you say your overall opinion is favorable or unfavorable? Biofuels (N=710)</i>		
	Total Favorable	454	64%
	Total Unfavorable	115	16%
	Don't Know / No Opinion	141	20%
RFA3	<i>We are going to mention some different fuel sources, some renewable and some non-renewable. For each of the following, would you say your overall opinion is favorable or unfavorable? Biofuels, such as ethanol produced from corn (N=647)</i>		
	Total Favorable	430	66%
	Total Unfavorable	124	19%
	Don't Know / No Opinion	93	14%

Note: Group proportions may total to larger than one-hundred percent due to rounding. All statistics are calculated for registered voters with demographic post-stratification weights applied.
